

**FOR IMMEDIATE RELEASE**

## **Broadvoice Named to Inc. 500|5000 Fastest-Growing Company List**

Los Angeles, CA, August 31, 2016 - [Broadvoice](#), an award-winning provider of hosted voice, unified communications (UC) and SIP trunking services for consumers and businesses, has been named to the annual Inc. 500|5000, a ranking of the nation's fastest-growing private companies.

The Los Angeles-based firm has shown consistently high growth, and has set itself apart in the UC, cloud PBX and SIP Trunking space through its agility, customer service and tailored business solutions for companies of all sizes. It has grown by 150 percent in the last year, amid ongoing investment into its business, channel and technology.

"I'm honored to be named to the Inc. 500|5000," said Jim Murphy, CEO at Broadvoice. "We have seen phenomenal growth in the last year, with triple-digit advances in revenue from our channel ecosystem. This is also thanks to the hard work on the part of a talented and dedicated internal group of people. We are a company that is built on community values - we believe in investing in people, processes and portfolio, and in our inclusive, diverse company culture. I believe our growth showcases that."

Broadvoice offers a flexible, smart portfolio of IP-based voice and data offerings, backed by its enterprise-class, geo-redundant IP Telephony platform. This includes a full UC suite and cloud PBX services, including unlimited voice calling plans for businesses, throughout the continental United States and Canada.

Features include the Broadvoice Communicator, a real-time messaging and presence client with full voice and video capabilities plus hosted email platform, to support the mobile workforce. And, it recently integrated its feature-rich cloud PBX and UC services with the Five9 Virtual Contact Center (VCC) platform, to power customers' inbound, outbound and blended contact center operations.
